My Unconditional Guarantee

IN EVERY SENSE A GOVERNMENT GUARANTEE

After reading the testimonials which I presented to you from those who have given my instructions a trial, you may have come to the conclusion that while no doubt the Swoboda System of Conscious Evolution has been of immense benefit to others, still it may not necessarily benefit you. If you have reasoned thus, I can quite agree with you that your conclusion is logical and reasonable, because very often it is true that what is of benefit to many is not always of benefit to everyone.

In order that you absolutely avoid even the possibility of risking a single penny and yet have the opportunity of demonstrating to your own satisfaction that my system will benefit you, and you alone, I want to say to you that I agree here and now to refund every penny which you pay me, if after ninety days trial you do not feel that my system is all I claim it to be and that you are not benefited.
