

appeared in the pages of this Magazine; but since its publication he has supplemented his achievements. At an open tournament at High Beach at Whitsuntide, 1906, he won in the catch-weights competition; Joe Parker, the famous G.G.S.M.W. being runner up.

There are many other promising wrestlers at the club, and these include T. Askwith, E. Nixon, O. W. Harmon (who is also a well-known cyclist), and others.

Mr. Thomas Pevier, the celebrated lifter, is the hon. instructor in weight lifting. The president of the club is Mr. A. H.

chairman of the National Amateur Wrestling Association, and ex-Vice-President of the London Amateur Wrestling Association. Prof. Matthews is vice-president of the club, and not the least enthusiastic of this influential and valuable committee is Dr. Bradshaw, house surgeon at the Queen's Jubilee Hospital, who is endowed with a very powerful physique, and who has devoted his life to medicine and Physical Culture.
