Dear Pal.

I have been anxiously awaiting a letter, & have not received one as yet, but perhaps you think it is little use writing when I will soon be there.

In the event of not hearing from you before I leave next week, I will not bring any weights, beyond the Pullum bar, & if we need them after we can have them shipped out.

To-day finished me here, so the die is cast, & I could not turn back if I wished. I sold out my stock, & closed my books, & arranged all in the business part to its conclusion to-day.

All being well, I expect to leave here next Wed: eve the 21st, & according to my railway instructions, I shall arrive in Pittsburg Friday morn' at 7. 40. I would like you to meet me at the station if possible, yet I do not want you to lose any work thru it, & if you cannot get there, I will get a taxi to bring me.

Anyway, I will wire you from Buffalo, as it is the only way they sell a ticket from here, tho it is much round about. I will wire you from Buffalo for sure what time I will arrive, & if I can arrange it for the eve, I will do so.

I am enclosing you a cutting sent me from Boston on a strong man. Also a letter from Bernard, which I do not like, & I have some news to tell you re his mag: when I come which may surprise you, & we will have to do some thinking, for you know, for the benefit of our course, we want that asso: to be a success.

I hope your wife & baby is well & strong, & hope all is O.K! & to see you soon, & wishing you the best, with me, for our future.

Your sincere pal.

George.

Gay, don't write me, I guess he is mad, because I don't send him the write up on lifts. I have been receiving letters lately desiring a course. I have been feeling out on the quiet, & doing a lot of preparing to feel our field.
