

The Whole Amazing Story of "Miracles Worked in Muscle"

Now FREE to Readers of PHYSICAL CULTURE

Harry Ekezan, of the U. S. S. Camden, shows a marvelous development. His biceps measure 17½ inches, forearm 14 inches, chest 42 inches normal and 47 inches expanded. No wonder he is strong for Titus!

Harold Lloyd is another Titus enthusiast. He says "two weeks of your instruction with your apparatus — made me over from my feet up."

The great feature of the Titus system is that it develops every muscle in the body. Here's an example of how Titus builds a back.

The superb muscular development of Julius Litewsky is another example of the amazing results of Titus training. Send for the wonderful book that shows scores of men, BEFORE and AFTER Titus built them. It will open your eyes.

Gaston Vielte is a super-man of strength. Look at his arm, look at those stomach muscles, too. He says that he is glad to recommend the Titus system and apparatus for the betterment of mankind.

EVERY reader of Physical Culture Magazine is familiar with the extraordinary muscle-building feats of TITUS, the famous pioneer in the field of physical training. Many photographs have appeared in these pages of men re-built by TITUS—photographs taken before and after. These pictures show real miracles worked in muscle—amazing transformations from puny, flat-chested weaklings into giants of strength—all in the short space of 30 days!

People who see these pictures can scarcely believe their eyes. "How in the world is it possible!" they exclaim. "What magic does this man Titus possess? What is his startling secret of building muscle?"

Now it can be told! A wonderful book has been written—a book that reveals the inside secrets of Titus Training—a book crowded from cover to cover with sensational facts about strength, power and endurance. It is a book worth its weight in gold to any man who has the slightest regard for his body, the slightest interest in developing tremendous, hard-hitting, panther-like muscles.
