

International Protective Bureau

937-938 REAL ESTATE TRUST BUILDING

PHILADELPHIA

GEORGE J. McLAUGHLIN
MANAGER

Sat 11. 27.

Dear Pal Ott.

I got your registered yesterday and was very glad to receive the few lines from Ethel. Did you not receive my other letter? I sent two or three after he ring from you last when I was in New York. I asked that you try and bat off the whole four so I could concentrate on my course.

I signed the contract with the I.C.S. last Teusday and was in Scranton Monday and Teusday having the photos taken for the course and supervising other details. They will circularise various lists and if they find a way to sell the course according to thier figures I will be alright. Then the whole thing will expand and we will get together as theywill have other projects in ~~fav~~ view besides building the exercise end of it. They are going after things very elaborate and I can assure you Ott that our course will be the finest illustrated one on the market If it goes we will be able to do many things together and the sooner that time comes the better I shall like it. Inthese months of misery I have missed you tremendously. and would have given anything just to have had a talk with you to satisfy the mind.

Redmond is doingall he can against me. He stopped my mail and haspractically ruinedthe A.C.W.L.A. Berry and Klien cannot be relied on but the rest are all for us. Redmond statee that he would use my name in spite of me and would stop others from using mine or me. He had Breitbart scared alright, but he had better not monkey with the I.C.S. or he will go on his neck. They know I am having trouble with him but I did not think it wise to tell them all until we see what Redmond does. By now Redmond has the papers served on him for my suit which has been increased in sum on account of him staing he will keep me from making a legitimate living from my occupation.

The orders on the Man Power are slow but as there is a possibility of working a big mailing list we may make out.

Paulinetti is putting out an hand balancing and acrobatic ~~course~~. But I fear he has the wrong idea and naturally he thinks he has not, but I know better as my experience is on of practise against his of theory. Just figure how Benny Leonard loast \$250.000.00. Strangler Lewis \$150000.00. Zybyisko and Arco. Babe Ruth. Mike Gibbons and a host of others who all fell for over \$100.000.00 .

You askedme about who Egan was. I never could get any satisfaction from Redmond about him though I asked him many times when I was there. He was an actual person and has a bread route in Phila as I hear though I never saw him.

I hear that Calvert is doing much better, wether in P.C. or not I cannot tell as I do not see him. He is doing direct mailing. I saw in the telephone book around the adres he is in a Calvert Speciality Radio Co, and wondered wether that was the graft he was in. For some reason Teddy Mack would not tell me though he sees him and Redmond. I have grown to distrust Mack for I know a lot of stuff I once told him in confidence went to Redmond. He is always quizzing me but I do not fall.

He is a queer guy. Part loyal and part unloyal.
Well I do not want him. I make few friends and
you are the only one I ever trust implicitly, and I feel that whatever
I do must be for us both.

As far as the I.C.S. goes I shall have control over
all in the health and body building line, which restricts all to us two.
Well oldman I must close. I just got a batch of photos
in to check up on. I will keep you acquainted with all as it goes by.

Get out the other courses if you can.
Tell Ethel to write to Bessie care of her parents
at Aultsville, as she is moving to Morrisburg and I do not know her
address yet. Just address Care of Wesley Bouck, Aultsville. Ontario. C
Canada.

Give my love and regards to Ethel and the children
as every your old pall more and more

George

Always address me here
