Dear Friend Ottley:-

I returned your pictures yesterday, sending them parcel post insured, and trust they are duly received.

However, when making the captions for the pictures, I find I am not sure of this one fellow's name. Will you let me know it immediately upon receipt of this letter, so I can go ahead with the book? The pictures were sent out before I thought of this.

Excuse brevity, very busy just now.

Sincerely yours,

GEORGE F. JOWETT.
