

March 22-27

Dear Otley.

I received your very welcome letter yesterday & thank you a thousand times & also Coe. Now here is the situation
Ott. It will take me perhaps two weeks to settle all my affairs in Phila, as I had some outside connections which I have to adjust, then I will shake the dust of the burg off my feet & come to you. If Coe does as you state I will be alright & I know we can build something up for ourselves. I have all the right dope now & know how to use it for our best interests.

Let me hear more from you & I
will let you know when I shall
leave. I will possibly drive up

Goodbye for now old pal
& I hope some day I can more
than thank you & Ethel for the
staunch friends you have always
been to me

Tell Oae to get the job should it be
come all being well as soon as possible

I was in touch with Earle & all
others but there is nothing. Anyway
I will tell you everything when I
see you - perhaps later I can get
Oae interested in something good
to help us.

Redmond pulled off a
dirty trick on me, but I am not
through with him yet, if it is possible
I will make him regret it.

I will be glad to be back
with you & I know it will be a treat
to be with square people after all
these double crosses.

I still keep the CCWLa.
& will go into that later.
